

ITALIAN ISSUE, THE ABSORBING TOPIC IN PARIS

Lloyd - George and Clemenceau Back of Wilson

PARIS, April 26.—This has been one of the most anxious days of the peace conference, with all eyes turned toward Rome. While work proceeded on the final details of the treaty before the meeting with the German delegates at Versailles, the absorbing topic everywhere was the Italian issue and the effect it had in store for the conference. Brief information reaching official quarters showed the situation at Rome to be very tense, with anti-American sentiment running high. The departure of Baron Sonnino and Signor Salandra this afternoon for Rome took the last of Italy's plenipotentiaries from Paris, leaving only subordinates without power of action. Experts who attended the council meeting yesterday said that the members looked "completely worn out" but the president today showed no outward evidence of this strain. All indications point to the fact that Premier Lloyd-George and Premier Clemenceau are standing squarely with the president on the Italian issue, thus presenting a united front. Further written statements have thus far been withheld, in order not to inflame Italian sentiment further. But friends of the president took steps today to relieve him from being the sole person to bear the burden and this may lead to some public declaration of the British and French attitude.

It can be stated that President Wilson's copy of his Italian declaration bears the initials of Clemenceau and Lloyd-George. The French premier affixed his signature last Monday and gave his approval for its publication.

Approved By Premiers. Besides this initial approval of the premier, another written document exists which was prepared immediately after the issuance of the president's statement, with a view to expressing approval and support from the highest British official quarters. This is not from Lloyd-George, but from one able to speak with authority on foreign affairs. It is devoted chiefly to Fiume, concluding against the Italian position and in support of the president.

It is significant that the name of Italy has been included in the final draft of the peace treaty, indicating that the allies hold no change in Italy's status as signatory of the treaty. In the preamble as drafted, Italy figures with a complete list of the five plenipotentiaries headed by Premier Orlando.

It will be his form presented to the German delegation next Wednesday unless exceptional conditions intervene, definitely severing Italy's participation.

Italy's similarly is included in the appendix to the revised covenant of the league of nations forming the league. The covenant in this form will be before the plenary session Monday, for Italy continues to be given full status as one of the Entente allies.

AVIATOR HAS A NARROW ESCAPE

NEW YORK, April 26.—With his clothing ablaze, Paul L. Ferron, an aviator in the government mail service, volplaned 2,000 feet to earth at Belmont park late today. Although he was burned badly about the body, he has excellent chances for recovery.

Ferron took up one of the big planes for a try-out over Belmont field preparatory to making a trip to Washington. He was preparing to descend when something went wrong with his engine and almost immediately came an explosion, followed by fire.

DECIDE TO ALLOCATE ENEMY SHIPPING

WASHINGTON, April 26.—The allied maritime transport council at Paris has determined to allocate enemy shipping among the associated governments, "according to the ability of the respective governments to bring the vessels into speedy use, and in the case of passenger tonnage, according to respective needs." This announcement was made today by Raymond B. Stevens, vice-chairman of the shipping board, after receiving a cablegram from the American delegates on the subject. The message reiterates that the temporary allocation of the ships in no way prejudiced their ultimate disposition by the terms of peace.

\$150,000 BONDS SIGNED

Chicago, April 26.—Bonds of \$150,000 for the release of William D. Haywood, general secretary and organizer of the I. W. W., serving a sentence in Leavenworth prison for violation of the espionage law, were signed here today by William Bross Lloyd, a millionaire socialist. Haywood probably will be released next week pending disposition of his appeal.

Vast Increases Have Been Given Rail Employees

WASHINGTON, April 26.—Increases in pay rolls of various classes of railway employees during government control was shown in detail today by a railroad administration report.

In the thirteen months between December, 1917, and January, 1919, the number of employees rose from 1,703,000 to 1,848,000. This was said to be only a normal rate of increase to take care of traffic handled.

The aggregate payrolls for all classes rose from \$153,939,000 in December, 1917, to \$230,800,000 last January, with the average rate of pay increase 48 per cent. There was a reduction in pay of only one class, general officers, among whom many high salaried railroad presidents were removed from the operating payrolls.

The aggregate of hours worked increased a little more than one per cent and for the classes employed by the day, working time was 5.7 per cent greater.

The report showed that passenger engineers are the highest paid railroad employees, receiving an average of 98 cents an hour. The next highest paid are train dispatchers, whose average is 91 cents an hour.

For members of the "Big Four" brotherhoods, and allied employments, whose recent wage advance was not figured in this report, the percentage rates of pay increase were as follows: Freight engineers 17 per cent; freight conductors 25 per cent; freight brakemen 41; passenger engineers 10; passenger conductors 13; passenger baggage men 37; passenger brakemen and flagmen 37; the number of clerks employed rose from 108,000 to 205,000 and their wages went up 19 per cent. Section men, of whom 249,000 were employed, received a general advance of 75 per cent, but were still among the lower paid employees.

Shop men constituted a big group, receiving a larger share of increased wages than any other similar group. Some of the percentage increases follow: Machinists 41; boiler makers 42; blacksmiths 43; masons and brick layers 73; structural iron workers 98; carpenters 65; painters 64 per cent.

INTERNATIONAL SITUATION

By The Associated Press. Premier Orlando reached Rome Saturday to take up with the Italian government and parliament the situation brought about by the statement of President Wilson that Italy shall not have Fiume.

He received an enthusiastic ovation and the phrase "Italy, Fiume, Dalmatia" was displayed prominently. Foreign Minister Sonnino and former Premier Salandra have left Paris for Rome to join the premier. Minor members of the Italian delegation remain in Paris.

There has been little change in the situation in Paris and all attention there is focused on Rome and what developments may occur there. The British and American delegations are hopeful of a satisfactory adjustment, but are fearful that the enthusiasm of the Italian people may compel the Italian delegation to make demands which cannot be met.

President Wilson conferred with the entire American delegation late this afternoon. In the forenoon he met with Premiers Lloyd-George and Clemenceau to discuss financial clauses of the peace treaty.

A statement issued in Paris saying that the report was inaccurate that the British and French premiers had approved President Wilson's statement added that the premiers had sent a joint statement of their view to Premier Orlando. It was said the question of making the Franco-British statement public was for Signor Orlando to decide.

Issuance of a statement bringing out that the British and French premiers agree with the president on the Fiume and other phases of the Italian problem is being discussed.

Meanwhile the various commissions are preparing for the plenary session Monday to consider the league of nations covenant and the presentation of the peace treaty to the German delegates about the middle of the week, probably Wednesday.

CHAMBERLAIN TRIAL MAY BE SHIFTED

Paris, Friday, April 25.—The statement made on the stand today by Captain E. G. Chamberlain, the American aviator being tried before a court-martial, that Major R. S. Maxwell was the British officer at Toupin who permitted him to fly in a British airplane may cause the court-martial to be transferred again to London to give Major Maxwell another chance to be heard. The major's evidence was taken in London March 29, when he testified that he knew Chamberlain and remembered seeing him at Toupin, but denied permitting him to fly.

SUB FLOTILLA WILL COME UP MISSISSIPPI

New York April 26.—Announcement that an anti-submarine flotilla will make a trip next month to the Mississippi river and some of its tributaries was made here today at headquarters of the Atlantic fleet, anchored in the Hudson.

ORLANDO GIVE N GREAT OVATION ON RETURN HOME

Tells Italian People the Gravity of the Situation

ROME, April 26.—(By The Associated Press.)—Rome was agitated in greeting to Premier Orlando this morning. The offices and shops were closed and the members of some 200 associations, clubs and patriotic leagues, bearing banners with the legend, "Italy, Fiume, Dalmatia" went to the railway station or lined themselves along the thoroughfares which Premier Orlando would pass. All the cabinet ministers in Rome high officials of state, the mayor of Rome and three hundred senators and deputies assembled inside the station.

Premier Orlando, in addressing the crowd, said: "It is no time for fine language. In the face of the world, which is judging us, we must have firmness and a calm, serene conscience."

"There are two questions. The first is whether the government and the Italian delegates have faithfully interpreted the thoughts and will of the Italian people."

The response was thunderous shouts of "Yes."

"I never doubted it," continued the premier. "The first question is answered. Rome is consecrated to our work. The second question is to estimate the gravity of the situation. But I do not ask you for an immediate reply. Let us now consider what best course is now possible."

"The decision must be a well-considered one. Food supplies are failing us, but Italy, which has a hunger, has never known dishonor. I do not conceal from you the danger of this very critical hour. (Cries of "We will face anything.")

"It may be that we shall find ourselves alone, but Italy must be united and have a single will. Italy will not perish."

At the close of his address, the premier was given an ovation. General Diaz and Signor Barzilotti of the peace delegation, then spoke and were cheered by the soldiers and sailors.

The mayor of Rome, asserted that there was complete solidarity of the people of Rome and of Italy, with the government.

Premier Orlando and the delegates entered motor cars and proceeded to the royal palace. The passage thru the streets was exceedingly slow, owing to the density of the crowds.

At the palace, the party joined the king, queen and crown prince on the balcony, and entire group was acclaimed with enthusiasm by the assemblage below.

The fervor of the crowd was unbounded. Patriotic songs and all kinds of shells filled the air, with cries of "viva Fiume" and "Dalmatia!"

The city was decorated only with Italian flags. Only one foreign flag was to be seen; that was the British over the British army headquarters.

No feeling antagonistic to Americans was shown, the whole demonstration being a fervent manifestation in behalf of Italy's claims. One American lieutenant cheered the premier and the Italians nearby cheered the Americans, crying "Viva America!"

Banners were displayed bearing the inscription "Fiume, Dalmatia or death." Airplanes hovered above, among them a gigantic bombing plane.

PROMINENT ILLINOIS MASON DIES SUDDENLY

BLOOMINGTON, Ill., April 26.—Austin H. Scrogin, thirty-third degree Mason and grand master of the Masonic Lodge of Illinois, died very suddenly at his home in Lexington, Ill., at 7:30 o'clock this afternoon. He had been at the funeral of L. S. Vandoloh, a life long friend and was going with the funeral procession to the cemetery when he was stricken. He sat down for a few moments and was carried to his home a short distance away, but expired almost immediately upon reaching there.

He was born in Lexington May 12, 1855 and is survived by a widow and four children. Sheriff Snodgrass, in the absence of Coroner Hare, held an inquest over the remains this evening, the jury returning a verdict to the effect that death resulted from natural causes.

RECALL ARGENTINE MISSION

Buenos Aires, April 26.—The Argentine foreign office learns that the Mexican government is recalling its diplomatic mission to Italy because it has not been recognized by the Italian government.

BULLETINS

BERGRADE, Wednesday, April 23.—The national assembly of Montenegro appointed M. Pavitchevitch Pavitchevitch as Montenegrin representative at Belgrade at the close of the meeting Sunday at which it was decided to unite with Serbia and the kingdom of the Serbs, Croats and Slovenes.

Great enthusiasm was displayed over the union.

BASEL, April 26.—(Havas.)—The Rumanians continue their advance on Budapest from the south, and Friday morning were on a line from Versares-Nemeny-Nireakta to south of Gyula. Several small battles were fought during the advance. The Rumanians launched an attack on the northern wing Thursday, but the result is not disclosed in dispatches.

FUME, April 26.—Via Rome.—(By The Associated Press.)—A vast crowd, including the members of many organizations, escorted the national council, which visited General Graxiola today to express the city's determination to be annexed to Italy.

ROME, April 26.—Societies of young Italians of Fiume met Friday, says a dispatch, and passed resolutions protesting against the attempt to infringe upon the sovereignty of Italy's right to Fiume and Dalmatia.

The societies pledged that Fiume should be Italian "or cease to exist."

BERNE, April 26.—(By The Associated Press.)—Reports from Bavaria state that the communists of Munich threaten that when the city is besieged the citizens will be shot in rows on the Marienplatz. Numerous peasants, tradesmen and work people are volunteering to march against Munich.

Recent dispatches have reported that government troops in Munich numbers were investing Munich and that a decisive battle was near.

PARIS, April 26.—(By The A. P.)—President Wilson conferred with the full American delegation this afternoon. This discussion was confined to the remaining details of the treaty and there was no mention of the Italian situation, which stands without change.

No official information has been received from the American embassy at Rome regarding the situation there.

Later the president conferred with the American financial group.

VALPARAISO, Chile, April 26.—Heavy loss of life is reported in the sinking of the Steamers Magdalena (Chilean) and Alfonso.

The Magdalena went down in a storm five miles off Cape Horn. The Alfonso was sunk in collision with the steamer Fortuna.

PARIS, April 26.—In high quarters the question is being considered of issuing some form of a joint statement bringing out the fact that Premiers Lloyd-George and Clemenceau are in agreement with President Wilson on Fiume and other place of the Italian problem.

GRAIN OFFICIALS CLOSE CONFERENCE

NEW YORK, April 26.—Officials of the food administration grain corporation announced to-night their conviction at the close of a three day conference, to determine policies for the coming year, that the government price guarantee to wheat growers could be made effective without endangering the market or causing loss to the national treasury.

Julius H. Barnes, president of the corporation and federal wheat director, declared that crop conditions were that wheat would be traded in on the government fair price basis. It was possible, he added, that the market generally might be above the fixed price schedule.

In case a crop exceeding the demand required government purchases and resales in order to make good the difference between the market price and the farmers' guarantee, Mr. Barnes said the conference recognized the necessity of measures to insure reflection of the market rate to consumers of bread.

However, with the spring wheat season two weeks late, indicating a decreased acreage offsetting the forecast record-breaking winter crop, the director asserted there was a lessened chance that the country would produce "their very large exportable surplus of wheat popularly expected."

ASSEMBLYMEN ON STAND

Chicago, April 26.—A hint that an investigation is under way to learn if any attempt was made to use money in obtaining an Illinois license for the Black Diamond Oil Company, which is being investigated by Judge Landis was given in the proceedings today while Robert Howard, representative in the state assembly from Mattoon was on the stand.

TRANSPORT CHICAGO ARRIVES

New York, April 26.—The transport Chicago arrived from Bordeaux tonight, too late to dock. The vessel has 61 officers and 1,002 troops aboard. Among the units aboard were the 11th Engineers.

Price Fixing Controversy In Its Final Stage

WASHINGTON, April 26.—The controversy over government's price stabilization program apparently reached its final stage today. Secretary Redfield telegraphed Director General Hines asking that representatives of the railroad administration be instructed to confer anew with the industrial board of the department of commerce and saying in the absence of action looking to definite results it would be necessary for the members of the board to resume their personal affairs.

At the same time Chairman Peek of the Industrial board made public a communication he had sent to Mr. Hines, calling on him to submit facts and figures to prove that steel prices agreed to by the board were too high and declining to urge steel manufacturers to reduce prices "merely upon the railroad administration's request."

Members of the board had let it be known that their resignations had been in Secretary Redfield's hands for nearly a month and that they were prepared to tabandon the stabilization program at once unless the railroad administration changed its attitude.

CURIOUS PERSONS SURROUND VERSAILLES

PARIS, April 26.—(By The Associated Press.)—A small but persistent crowd of curious persons in Versailles and a formidable battery of camera and moving picture machines hung about Versailles park beneath the windows of the German headquarters today in expectation of the appearance of the German representatives, but aside from brief excursions by two delegates in the morning, they had little to reward them for their pains, as none of the Germans again appeared up to a late hour in the afternoon.

A French telephone representative called in the afternoon for consultation regarding the installation of telephones to connect the Hotel des Reservoirs headquarters, not only with Germany but also with the bureaus assigned to the Germans in the Grand Trianon, where the preliminary conference will be held.

The seating arrangements of the conference room, now installed, evidently to contemplate the presence of the representatives of the allied and associated powers at the preliminary sessions, unless all the tables and chairs are removed and the deliberations conducted standing.

Unlike the hall of mirrors, in the Versailles palace, in which it is planned to have the peace treaty signed, this room has no venerable associations.

Here under the same portraits of President Pointeave, King Humbert, President Wilson and King George, the representatives of the allied and associated powers at the preliminary sessions, unless all the tables and chairs are removed and the deliberations conducted standing.

SENATOR SHERMAN ASSAILS DEMOCRATS

PITTSBURGH, April 26.—U. S. Senator Lawrence V. Sherman of Illinois, addressing the American Republican club here tonight, declared the Democratic party today is "a political monarchy," the functions of which are exercised by the president and a "group of satellites, who long ago severed their connection with free government."

The administrators, he said, are seeking to convert the government into a "Socialist state" or into a "vassal of European powers."

"The evidence of one," he continued "is its drift toward government ownership of all the great enterprises of our country. The other is proved by the first form of the league of nations presented by the president last February."

Congressman Frank W. Mondell, Republican floor leader, co-speaker, declared that plan and provision for the return of the railroad to private operation must be made at the earliest moment. Other features in the legislative program he outlined were the untangling of the "tangled skein of wire systems" evolving a national shipping policy, and working out a tariff plan, fitting new conditions of world trade.

CLEAN UP TWO MILLION IN CORN

CHICAGO, April 26.—George A. Roberts of Omaha, Neb., was credited today by board of trade operators with having made a profit of more than \$2,000,000 in less than three months, through the advance of 60 cents a bushel in corn since February.

PAPAL COUNTESS DEAD

New York, April 26.—Miss Annie O'Leary, papal countess, widely known for her philanthropy especially among the Italians, died at her home on Fifth avenue here today.

GOMPERTS ASSAILS ADMINISTRATION OF BURLESON

Declares He Must "Walk the Plank Sooner or Later"

NEW YORK, April 26.—Samuel Gompers, president of the American Federation of Labor, assailed the administration of Postmaster General Burleson in a statement issued here today, declaring that he must "walk the plank sooner or later."

Mr. Gompers charged Postmaster General Burleson with carrying out "an archaic, autocratic policy in the conduct of the postal, telegraph and telephone service of the United States," and said he needs only a wider field and a better opportunity to fit him for succession to one of the world's best known but unlamented ex-dictators.

Gompers' statement in part follows: "The recent example of Mr. Burleson's autocratic nature does not come as a surprise to those in the labor movement who have come in contact with his administration."

"Labor was long ago forced to the conclusion that Mr. Burleson was completely out of sympathy with the trend of American thought and was totally unable to comprehend what America meant when it declared war upon autocracy everywhere."

The only difficulty in Mr. Burleson's way is that the world has reached the decision that it wants no more dictators. The United States post office department is one of the very few places in the world not yet in accord with that decision.

"Long before the United States government took over the telegraph systems of the country, Mr. Burleson's cold and autocratic treatment became known to the workers engaged in the postal service. Naturally, resentment followed this course and this resentment has increased in volume exactly in proportion to the increased field over which Mr. Burleson rules."

Refuses to be Heard. "The workers in various branches of the postmaster general's department have come to understand thoroughly that democracy and the postoffice department have nothing in common except that they exist under the same government. Time after time these employees have endeavored to secure the opportunity to be heard by the postmaster general thru the representatives for the purpose of presenting grievances or just cause for complaint. These pleadings have been as vain as they have been frequent."

"My own experience with the postmaster general has been of a similar nature."

"It has been rather a favorite pose with the postmaster general to appear as a mild minded, generous and sympathetic man with his employees. Always, however, this sympathy has been defined by him to mean that if any one of the employees had anything to present to him that employee might come and present the case. Under any circumstances such a course would be unsatisfactory. Only the most reactionary and brutal employers still endeavor to deal with the workers as individuals."

In Insult to Employees. "In the case of the postoffice department, however, where the employees are scattered thruout the United States, such an attitude as that assumed by the postmaster general becomes not only ridiculous, and preposterous, but constitutes an affront and an insult to the intelligence of the men and women in his department."

"The position taken by the secretaries of the war department, the navy department and various other government departments in dealing with the workers, the declarations of the war labor board concerning collective bargaining, have failed to make the slightest impression on the mind of the postmaster general."

"Mr. Burleson's troubles cannot successfully be laid by him at the doors of those whom he may assume are his enemies for political purposes only. Mr. Burleson's troubles arise from the fact that he has attempted with singular zeal to carry out an archaic, autocratic policy in the conduct of the postal, telegraph and telephone services of the United States. Any postmaster general who will follow the same policy will inevitably face the same public condemnation and eventually walk the same plank that Mr. Burleson must walk sooner or later."

Naval Seaplane Completes a 20 Hour Flight

WASHINGTON, April 26.—A naval seaplane attached to the Hampton Roads base has just completed a 20 hours' flight in which it covered a distance of 1,250 miles, the navy department was advised today by the commandant at Norfolk. This distance is about two thirds of that which N. C. seaplane squadron one must cover on the proposed trans-Atlantic flight from Newfoundland.

This is the longest flight ever made by a naval seaplane and the craft is smaller than those which Commander John H. Towers will take overseas, naval officers believe its performance augurs well for the success of the trans-Atlantic flight.

The seaplane was fitted with two Liberty motors of 400 horse power each. In spite of a gale the machine was able to maintain an average speed of more than 60 miles an hour. The plane carried a crew of four men.

Lieutenant Commander H. B. Grow was in command of the machine. Twenty hours is the time officers have estimated will be necessary for the three naval seaplanes to make the trans-Atlantic flight from Newfoundland to Ireland if a direct route is decided upon.

The distance over this route is slightly more than 1,900 miles, but the planes to be used are capable of greater speed than those of the P-5 type, one of which made the record flight yesterday.

NEW CONGRESSIONAL DISTRICTS PLANNED

SPRINGFIELD, Ill., April 26.—Reapportionment committees of both houses, it is understood, have come to an agreement on proposed new congressional districts in northern Illinois which make changes in the bills introduced by Senator Cliffe and Representative McCabe.

The new districts are to be formed under the provisions of the measures as amended by committee. The changes would readjust the present make-up of the eleventh and twelfth districts as follows:

Eleventh district—Lake, McHenry, Boone and Winnebago. Twelfth district—Kane, Kendall and DuPage.

These districts would conform to the boundaries of the sixteen judicial circuit districts respectively. The new congressional districts are proposed as follows:

Twenty-sixth district—Will, Grundy and LaSalle. Twenty-seventh district—Country sections of Cook county.

Chinese laundries would be hit by a bill introduced by Representative Vickers, which prohibits any person from having his living quarters in rooms where clothing is washed or laundered. The measure also would prevent laundries from sprinkling clothes with water held in the mouth.

REMOVE LIMITATIONS ON LOANS

Washington, April 26.—A ruling today by Comptroller of the Currency William H. Clegg removed all limitations on loans by national banks where Liberty bonds or Victory Liberty loan notes are deposited as security to the extent of 105 per cent or more of the amount borrowed. The actual extended until January 1, 1920, the period in which national banks are permitted to make loans on security of Liberty bonds or Victory Liberty loan notes, slowed down the lower coast of California today and will not speed up again until sales increase.

The crew flashed a message to the navy department asking "if the people of America have forsaken us."

FROM CHICAGO DISTRICT

Chicago, April 26.—Semi-official figures for the seventh federal reserve district tonight showed aggregate Victory Loan subscriptions of \$346,000,000, a gain of approximately \$18,000,000 in twenty four hours, but no new reports came from Iowa, and unofficial reports from some of the other districts were incomplete. Chicago had an official gain of \$11,000,000 or only \$3,000,000 above last night's estimate, and the city was \$8,000,000 behind its schedule.

Subscriptions to date announced tonight were as follows: Illinois (outside Chicago) \$40,000,000; Iowa (unchanged), \$12,000,000; Michigan \$119,000,000 (au \$8,000,000 over-subscription); Indiana \$30,000,000; Wisconsin \$22,000,000.

UTILITY OFFICIALS MEET

Chicago, April 26.—Members of the National Association of Railway and Public Utilities commissioners met here today to arrange for concerted action against federal regulation of the intrastate rates of railroads and public utility companies generally.

About half the states of the country were represented at the meeting.

STRIKE SETTLED

Kansas City, April 26.—Settlement of the strike of six thousand miners of the Central Coal & Coke company in Arkansas, Oklahoma and Kansas, was reached today, according to the announcement of Harry W. Taylor, vice president of the company.

THE GOVERNMENT needs money to meet the war risk insurance, to bring the army back from France, to pay on the army, to feed and clothe it while it remains in the service, to complete the great fleet of merchant ships and to pay off some of the debts due firms whose war work was cancelled. The distribution of this money will inject a lot of new life into business. Now that the revenue bill is passed, the Victory Loan should be shoved over and we can get a start toward resuming the activities of peace.

RED CROSS TO TEACH HEALTH AND FOOD IN THE MIDDLE WEST

A new department of the American Red Cross in the middle west will teach the housewives the way to health by the dining room route. A branch of the National Bureau of Dietitians' Service has been established in Central Division. Its function will be to teach people what to eat.

One of the main problems which the Red Cross expects to solve through this bureau is the problem of child feeding. The Red Cross instructors will go directly into the towns of the division to instruct mothers. In this way the great evil of malnutrition for children—which results in an annual death rate of 500,000 children under five years of age—may be eliminated.

The central idea of the classes in dietetics will be education in health. It will be the aim of the Red Cross to teach mothers that their children are not normal children and that it is not so much a question of feeding children enough as it is of feeding them the right kind of food.

Intelligent feeding has been proven to be the road to health. The Red Cross Bureau of Dietitians' Service will not confine its

work to the child. Correct feeding for all ages will be its goal.

NEBRASKA SETS GOOD EXAMPLE

Nebraska, one of the first states to advocate and adopt the direct primary system, has repealed the law. Everybody who pays attention to primary election affairs knows that the law has never brought with it the promised reforms. Even a mere reading of the law shows its unfairness and its contradictory provisions. While in operation it makes possible some of the very evils it professes to remedy.

Sometimes a primary election registers the will of the people and in other instances simply by enlarging the field of candidates, the will of the people is defeated. One of the greatest objections to the law is the large expense that it entails upon candidates. It is not too much to hope that Illinois will some day either abolish the law or remedy its defects.

A QUESTION OF SALARIES.

A law proposed in the Illinois legislature would increase the salaries of legislators from \$3,500 to \$5,000 a session. The Bloomington Pantagraph calls attention to the fact that there was a great deal of criticism justly leveled at the assembly four years ago when the pay was increased from \$2,000 to \$3,500. At that time the plea was that the higher salaries would increase the efficiency of the legislators and make office holding attractive for able men. The facts have not proved this argument correct.

Commenting on this same matter the Pantagraph goes on to argue that it isn't a matter of salaries that will induce men of the kind Illinois needs to enter the public service and says:

"The contention four years ago was that an increase in the salaries of legislators would result in an improvement of the personnel of that body. No argument could be more fallacious. Men who stand for the legislature for the salary involved are not the type of citizens that Illinois or any other state requires in that body."

There is not the slightest doubt that the quality of the Illinois legislature would be vastly improved if the members were allowed only a reasonable expense account. Men would aspire to the legislature under such conditions who could never be persuaded to become candidates under present conditions.

It will be noticed that the sentiment expressed by the Bloomington paper as to salaries and service has its local application.

MORGAN SHOULD BE REPRESENTED.
It now seems practically certain that the Curtis measure, providing for the election of delegates to the constitutional convention, will be passed by the general assembly. This provides for two delegates from each senatorial district, to be chosen at a primary and regular election. The proposed time for beginning the convention is in January.

This will afford the opportunity to Sangamon county residents to give proof of their past day statements that they realize that Morgan county should have representation and that they are willing to divide honors. It has been many a year since this county has had direct representation when selection was made on the senatorial district basis. Unless there is an earnest desire on the part of a great many Sangamon county residents, to have one of these delegates chosen from this county, there will be two from Morgan and none from Morgan.

We shall see.

GOMPERS JOINS IN ATTACK ON BURLESON.

Postmaster Burleson's critics and opponents are multiplying so rapidly that one now loses count. The last man of prominence to turn a broadside against Burleson is no other than Samuel Gompers, president of the American Federation of Labor. When a man so close to the administration of President Wilson as Mr. Gompers is, points to the Burleson failures and his absolute lack of understanding of presidential day conditions and terms the Burleson methods as autocratic and undemocratic, it means there is something doing in the Wilson official family.

In times past Mr. Wilson has shown a tendency to turn a deaf ear toward criticism of any of his chiefs, but the Burleson controversy is getting so warm that this time he will be compelled to give heed. The sharpest, most caustic criticism is coming from Democrats.

THAT GLOOMY PROPHECY ABOUT CORN.

The chief of the U. S. bureau of entomology declares that the U. S. corn crop is threatened by a new parasite introduced to this country from foreign shipments. According to this authority the whole corn area of the country is in danger and there is little chance of escaping the pest. But somehow this gloomy prophecy does not carry a great deal of alarm. There have been such sensational statements before and either the "pests" haven't materialized or a way has been developed for saving the threatened crops.

But perhaps it was the professor's prediction that gave the corn market its big boost and made millions for some of the operators. It sometimes takes a less significant statement than that quoted to give the market manipulators an excuse for higher prices.

Rippling Rhymes
By Walt Mason

DAYS TO COME

The idle rich, in ten years more, will make their journeys in the air; the man on foot will watch them soar, and shed a line of tears, and swear. The man on foot's a busy jay, he's dodging autos all the time; some crazy jitney every day attempts his way-worn frame to climb. And there'll be thrice as many cars in days to come, the seers opine; though aeroplanes may graze the stars, the autos won't take in their sign. The man on foot's a busy gent, he hustles wildly through the town, and when he's out to earn a cent, some auto tries to run him down. He's always climbing trees and poles, pursued by crazy choohonk carts, and crawling into drains and holes, to save his divers vital parts. What will it be in years to come, with castles falling from on high, where dizzy airships whiz and hum? The man on foot can only die. What profit, if he wodge a boat, and save a highly valued limb, if then some airship gets his goat, by dropping rusty junk on him? There'll be collisions overhead, of accidents there'll be no dearth, and airship chuffers, quick and dead, will come keroffing to the earth. The man on foot can't dodge them all, the autos and the airship freight, and so he'll jump this mundane ball, and try to keep his shroud on straight.

BACK IN U. S. FROM FRANCE

Mr. and Mrs. A. D. Fernandes have received word that their son Elmer Fernandes will arrive home from Camp Grant the early part of the week. The young man left Jacksonville in June, 1918, and has been in France several months.

LIEUTENANT WINS FATHER'S APPROVAL

Thousand Dollars and an Auto Evidence Rich Man's Appreciation of Attention Given His Son

That Lieut. O. K. Berryman of Scottville made an excellent record in the army service is indicated in the following, which appeared recently in the State Register. Lieut. Berryman, who is a son of Dr. and Mrs. J. W. Berryman, is now holding the important position as commandant of Los Angeles military academy. He exerted such a good influence on the sons of a wealthy mine owner that the father has given substantial evidence of his belief in the young army officer. This is the article referred to:

Scottville, April 22.—How would you like to have some wealthy father say to you: "Here is \$1,000 and an automobile; see that my son has the right kind of a time and I will stand all of the expenses."

Supposing you had been discharged from military service and was commandant of a military school for boys when all of this happened. Then supposing the boy's father would say to you: "Now you keep my son interested in school until spring and I will give you the best job you ever had in your life."

"I think I am dreaming!"—that's what you'd say, isn't it? But it happened.

Lieut. O. K. Berryman, formerly of Scottville, Ill., is the lucky man, a letter telling of his good fortune has just been received by his parents, Dr. and Mrs. J. W. Berryman of Scottville.

Lieutenant Berryman was discharged from service December 5, 1918, at Camp Kearney, Cal. He did not get overseas but had a fine record while in training, for being honorable in his dealings and his application to duty. He was offered the position as commandant of the Los Angeles Military academy and has been so occupied during the past four months.

He was given charge of this young boy recently and writes that he is having success in the proposition that is up to him.

According to the information in his letter this young lad has been considerably indulged and was a "stiff" proposition for the school authorities. His father, a wealthy mine owner, had the situation explained to him and seeing that his son was quite fond of Lieutenant Berryman, made the lieutenant the proposition.

"He even signed papers giving me full control over the boy, and I like him and we are getting along fine," says Berryman.

JOHN E. BRETZ WILL BEGIN PAVING WORK

Will Finish South Main Street Job and Expects to Begin Work on East State Street Immediately.

John E. Bretz the paving contractor of Springfield was in the city yesterday making arrangements to begin his paving operations which were stopped by the cold weather last winter. Mr. Bretz has been having his troubles for several weeks being afflicted with boils and now still has his right hand bandaged.

Mr. Bretz announced yesterday that he would begin at once the work on South Main street and complete that job. This will consist of spreading of the final coat of tarvia on the present rock course.

As soon as this is done Mr. Bretz will begin the work of paving in East State street, the contract for which he has had for some time. He is already shipping in material and expects to start operations Monday.

E. H. Gray general superintendent of the Jacksonville Railway & Light company announced yesterday that his company would start the relaying of the railway track in East State street Monday morning.

The completion of the East State street paving is a consummation devoutly to be wished for as that thoroughfare for several years has much resembled "No Man's Land" after an allied barrage had been laid down.

'The Greatest Thing in Life'

An Artcraft Picture

Some Call It the Greatest
All Call It Great

It is a show of marvels; A masterpiece among motion pictures; a prologue of unrivaled beauty.

If You Had Just One Wish—

What would you ask for if the gods decreed that the one thing you wanted you could have?

You'd want the greatest thing in life wouldn't you? Well, what is the greatest thing in life?

Victory? Money? Love? The Distinguished Service Cross? The sight of home at the end of the war? Or is it—the glorious thing that an unenvied American youth found in France in the midst of battle, the thing that brought him all that's really worth while? Is it that?

D. W. Griffith has that answer for you in his newest production.

"The Greatest Thing in Life"

It is the Most Costly Show Ever Exhibited Here. A \$500,000 Motion Picture. A \$50,000 Prologue.

GRIFFITH AT HIS GREATEST
That Means Beyond Compare

A thousand touches of comedy, laughs, thrills, a sigh, a sob, a chuckle then a catch in the throat—with an irresistible climax.

Photography more beautiful than ever shown. The master's latest improvement.

D. W. Griffith—the man who gave you in "The Birth of a Nation" your picture of Our Nation.

D. W. Griffith—the man who gave you in "Intolerance" your picture of the crucial episodes in the history of the World.

D. W. Griffith—the man who gave you in "Hearts of the World" your picture of War.

D. W. Griffith—the man who gave you in "The Great Love" your picture of The Human Heart in War Time.

Now gives you something far, far bigger—"The Greatest Thing in Life."

What is it??? Peace??? VICTORY? Come! See! You'll never forget!

Why Use "Flavo" Flour

This Flour is made in the American Marvel Mill by an original process that retains all the nutrient and most of the flavor and strength that the ordinary long-system roller mills wear out of the flour. Owing to this new short system of milling the aromatic oils, which are evaporated and oxidized in the ordinary long-system mill with its great amount of handling, from this mill are retained in the flour. The mill is sanitary, entirely self-contained, and your inspection of it will prove interesting. We shall be glad to have you pay us such a visit.

STATE REGISTER WILL BE EVENING PAPER

Announcement that Well Known Springfield Newspaper Will Change from Morning to Evening Field Causes Surprise.

The Springfield News-Record carried the following dispatch yesterday:

New York, April 26.—One of the biggest surprises of the Associated Press convention at the Waldorf-Astoria this week, was the announcement that the Illinois State Register of Springfield, Ill., will change from the morning to the evening newspaper field.

The State Register has been published as a morning newspaper for over eighty-three years, and is well established as a morning newspaper.

ing newspaper. Its present editors and publishers, H. W. Clendenin and Thomas Rees, have been its owners for thirty-eight years and are generally regarded as having made a success of the Register as a morning newspaper. They have always been champions of the morning newspaper field as being better than the evening field. This makes the sudden change of policy of the veteran newspaper men the more startling.

Friends of Mr. Rees, who has represented his newspaper at the annual conventions of the Associated Press for many years, crowded around him to offer best wishes for the success of his new enterprise, and to learn his reason for this unusual reversal of policy.

PUPILS WILL COMPETE FOR GERMAN HELMETS

To stimulate interest in the Victory Loan campaign the woman's committee, of which Mrs. Charles A. Barnes is chairman, has arranged for a competitive essay contest among pupils of the public schools in Jacksonville and of the schools throughout the county. A German helmet is the prize offered for each school and the pupils are asked to write essays not more than 150 words in length, on the subject, "Why My Father Should Buy Victory Loan Bonds." Sixteen helmets are offered. They have never been worn and are from a large number found secreted in Paris, helmets which the Germans evidently expected to wear in their triumphal march thru the Parisian streets.

In making awards the committee will take into consideration the age of the pupils contesting and other related facts. In further explanation of the plan and to stimulate interest in the Victory Loan campaign addresses were made in Jacksonville schools Friday by a number of women, among them Mrs. C. A. Barnes, Mrs. H. J. Capps, Mrs. J. W. Walton and Mrs. John J. Johnson.

REPORT LOSS OF U. S. SEAPLANE

CHATHAM, Mass., April 26.—The probable loss of a seaplane, with a crew of three men who started on a return trip from Boston to the naval station here yesterday, was indicated by the finding of part of the propeller and one seat of the plane on the beach at Provincetown tonight.

The radio message yesterday said engine trouble had forced the plane to come down to the water between Plymouth and Provincetown, and a message by carrier pigeon last night said the plane was drifting toward Provincetown.

Seaplanes and submarine chasers found no trace of the missing men today.

PERSHING REVIEWS 33RD DIVISION

COLENTZ, April 25.—Friday.—By The A. P.—What may have been the last official review of American troops in Germany took place yesterday afternoon when the men of the 90th division were inspected by Gen. Pershing after they had been inspected by the commander in chief on the meadow near Wengertsh. Brig. Gen. Hugh McAlexander was decorated with the distinguished service medal, while six distinguished service crosses were awarded.

WINCHESTER

Winchester, April 26.—Mrs. John Holt and baby daughter arrived Saturday noon from Alsey to visit her parents, Mrs. and Mrs. James Crabtree.

Albert Hawk and sisters, Misses Georgia and Ella Hawk and Mrs. Clyde Smith and children, all of Merritt, were visitors here Saturday.

Master Jim Smith took the final examination Saturday morning.

The final examinations for the seventh grades throughout the country were held Saturday. At the examination held in the grade building in Winchester there were eighty-two present, together with fifteen teachers. The attendance was equal to that of five years ago, at which time the attendance exceeded all previous records.

This showing was considered remarkable in view of the fact that there is so much sickness throughout the country at the present. Other examinations were held at Bluffs and Manchester.

Mrs. George Drow left Saturday for Macomb to join her husband. They will make their future home there.

Quite a number of Odd Fellows expect to go to White Hall Sunday evening for the 100th anniversary celebration which will be held in the Methodist church there.

Seats were put on sale Saturday at the Higgins book store for the operetta, "Queen of May," which is to be given Thursday evening, May 1.

A little son arrived Saturday at the home of Mr. and Mrs. R. M. Riggs.

Fred Wallace arrived Friday from Camp Grant to visit his mother, Mrs. Kate Wilder. He is with the aviation corps and went the past winter at Pensacola, Fla.

Otis Robertson of Palmyra and Robert Ritchey of Greenfield are guests at the home of Mr. and Mrs. C. W. Barnes.

A son arrived Thursday at the home of Mr. and Mrs. Fred Perkins southeast of the city.

Charles O'Donnell and wife, Mrs. Bert Markille, Mrs. Edward Burroughs and Miss Bee Farrell were Jacksonville visitors Saturday.

C. B. GENEATOS HOM FROM ARMY SERVICE

Jacksonville Man Was in Active Overseas Service—Sent to Hospital From St. Mihiel.

Christos B. Geneatos, one of the owners of the Princess Candy Co., has received his honorable discharge from service and reached Jacksonville Saturday afternoon.

Mr. Geneatos left Jacksonville on April 30, 1918 and was sent to Camp Dix, N. J., for mobilization. He remained there for some time then was sent across, arriving in Liverpool on June 3, and France June 5, being attached to Co. F, 302 Engs., 78 division. He with his companions received their principal training for service in Northern France. The last of June he was sent to Flanders where his division remained one month being then ordered to the Aisne front, from which time until September they were almost constantly under fire. While their actual fighting covered but a few days, their work kept them close to the firing lines. At St.

Mihiel Mr. Geneatos was taken ill, due to long exposure, and sent to a hospital. After his recovery he was kept at the hospital on detached service, until February of this year when he was ordered home, coming by the way of Marseilles and Gibraltar at both of which places he was privileged to spend several days, reaching Camp Merritt, N. J., on March 25.

Mr. Geneatos' division was engaged almost wholly in road work, their duty being to clear roads ahead of infantry and artillery and to make any necessary repairs after troops had passed over.

Mr. Geneatos is in splendid health; says that he really has enjoyed his work in the service and glad that he was able to do it, though naturally regretting the necessity apparent for bloodshed and sorrow.

Marseilles, Mr. Geneatos says, is one of the finest camps struck in his service abroad, being equal to any in the United States.

MONTHLY INSTITUTE OF CITY TEACHERS

Teachers of City Schools Held Regular Institute Session at David Prince School Saturday Morning—Program Had Special Merit.

The teachers of the city schools met Saturday morning at David Prince school for the regular monthly institute. The attendance was excellent and the program given was one of special interest and merit. One feature which was greatly enjoyed was the signing by pupils of the sixth grade of the Jefferson school.

Among the interesting reports presented was one by Prof. T. P. Carter on the U. S. School Garden army work. This report indicated that there are more than 700 qualified gardens belonging to the school children of the city. Miss L. Maude Ryan, public school nurse, reported on the Health Promotion week.

Following this general session came a group of sectional meetings. Principal Hopkins was in charge of the high school section and various problems relating to the work were considered. Teachers of the David Prince school and Acting Principal Long discussed various phases of the junior high school work. Miss Lena Hopper, the music director, led in discussion of problems connected with that department of school work, and Miss Sibert, art instructor, gave some valuable suggestions in construction work the teachers of grades one to four.

Following these sectional meetings came a general session with discussions as to the relative value of the different studies. A physical training demonstration was the final feature of the day's program. The first exhibition was by children of the third grade of the Lafayette school under direction of Miss Fuhr. The second was by children of the fifth and sixth grades of the Washington school, directed by Miss Wetzel. The work was admirably done and clearly indicated what is being accomplished in this line.

THE EVERY-DAY SORT OF PEOPLE EVERYBODY KNOWS

They Are the Sort of Folks You'll See in "The Better Ole," the Great Laugh Feast.

The every-day sort of people that everybody knows are the people you'll see in "The Better Ole," the great laugh feast which will be the feature attraction on April 30th and May 1st at the Rialto theatre. Old Bill and Alf and Bert and Old Bill's wife, Maggie—they are the sort of people you chat with and rub elbows with in the street cars and in the movie theatres. And their joys and sorrows and final happiness, as told in this most delightful of film stories, are charming and pleasing and entertaining. You'll cry a little and you'll laugh a lot when you see this peach of a picture.

There are laughs and laughs and still more laughs in this great production. You'll laugh at Bert's cigar lighter which never works; you'll laugh at the way Alf's love affairs are always interrupted by blundering, good-natured, wholesome Old Bill; you'll laugh at the way one of the Tommies tries to chip a souvenir off a fourteen-inch loaded shell, and you'll laugh at all the other funny, surprising, startling incidents which appear in this picture and which show the life of the soldiers as it really was.

There are no overdrawn incidents, no forced action in "The Better Ole." It is all true to the brighter side of the life lived by the men who fought and won for civilization. "The Better Ole" is a picture you'll thoroughly enjoy and one that you will never forget.

INTEREST SHOWN IN REVENUE BILL

Explanation Given of Powers of Proposed Tax Commission—Local Tax Making Would Not Be Changed.

Springfield, Ill., April 26.—Interest continues all over the state with reference to the state administration revenue bill, which, if passed, will provide for a tax commission instead of a state board of equalization.

To correct mis-leading statements which have been circulated regarding it, the following was mailed to county and township officials by Omar H. Wright, director of finance:

"The bill does not change the present local tax machinery. It abolishes the board of equalization (26 member) and substitutes a tax commission (3 members) to be appointed by the governor subject to the approval of the senate.

"Illinois is practically the last state to retain a board of equalization with the power which the Illinois board now exercises. The tax commission simply succeeds to its powers. Existing township assessors and boards of review remain exactly as they are now. In addition in case of a glaring inequality of assessment in any county, a re-assessment would be made by the present assessors and reviewing bodies.

"Statement made that the increase in valuation of 1918 over 1917, as returned by the board of equalization, caused the state tax rate to be reduced from 90 cents to 75 cents per \$100 are easily disproved.

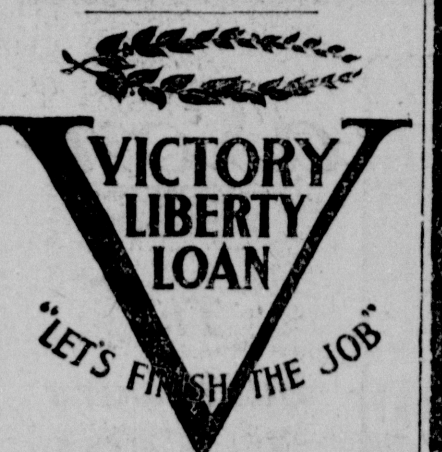

The reduction in the state tax of 15 cents produced a reduction in the state taxes of over \$3,900,000. The additional tax revenue produced by the comparatively small increase in the 1918 assessed valuation over 1917 would amount to only about \$330,000. In fact assessed valuations of all property in Illinois as returned by the board of equalization has increased less than 7 per cent in 5 years.

If nothing else had entered into the making of the tax rate than the increased assessed valuation as returned by the board of equalization, the reduction would have been only 11 1/2 cents instead of 15 cents and the tax rate would be 88 1/2 cents instead of 75 cents.

WOMAN SUFFERED 12 YEARS

Finally Made Well by Taking Lydia E. Pinkham's Vegetable Compound.

Emmitsburg, Md.—"I suffered for twelve or fifteen years, and was treated by a physician, but got little relief. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound in my newspaper, so I thought I would try it, and it did me more good than all the doctor's medicine. I am a farmer's wife and do my housework all the time, and I am better now than I have been for years. I am never without Lydia E. Pinkham's Vegetable Compound in the house and have recommended it to several of my friends. You are perfectly welcome to publish my letter for the good it may do other women."—Mrs. ETTIE WARREN, Emmitsburg, Md.

It is part of Willard policy to make it easy for every user of a Willard Battery to get the most out of it. So our instructions are plain:

- 1—Add pure water.
- 2—Take hydrometer test every two weeks.
- 3—If hydrometer test is less than 1.285 at any two successive readings come straight to the Willard Service Station.

MISS DELANO DIED IN FRENCH HOSPITAL

Head of Red Cross Nursing Service Gave Up All in Patriotic Work.

A number of Jacksonville people have some acquaintanceship with the work of Miss Jane A. Delano, who died in a French hospital April 15. Miss Delano has for several years directed the nursing activity of the American Red Cross. Brief telegraphic mention has already been made of Miss Delano's death and further facts are given in the statement herewith, issued by the Red Cross organization:

News of Death Unexpected.

Miss Delano left for France in the early part of January to reorganize the nursing forces there, but very soon after she arrived overseas was taken sick. She underwent several operations and was reported to be convalescing. The report of her death came as a distinct shock to her hundreds of friends in this country.

It was under Miss Delano's direction that more than 30,000 nurses were recruited thru the American Red Cross for service in the army and navy. She was one of the foremost figures of the nursing world and was recognized as one of the leaders of her profession in this country.

Miss Delano was born in Watkins, N. Y., in 1862. Her father was killed in the Civil War and she was raised by her grandfather, a Baptist clergyman. The call to relieve suffering humanity came to her while still a young girl and after her preliminary education she began fitting herself for the career in which she was destined to attain such great prominence.

Miss Delano was graduated from Bellevue Hospital Training School for Nurses, New York, in 1886, and two years later volunteered to nurse yellow fever victims in Jacksonville, Fla. Although at that time medical science had not decided that the mosquito was a yellow fever carrier, Miss Delano reached that conclusion independently and insisted on the use of mosquito netting to protect fever patients.

Her work in Jacksonville finished, Miss Delano was called to Bigbee, Arizona, in 1889, to establish a hospital for one of the big copper companies. Two years later she was made superintendent of the Nurses Training School of the University of Pennsylvania, a position she held for five years. Special courses in philanthropy and medicine followed and in 1900 she returned to Bellevue Hospital to direct the Nurses' Training School of that institution. When the American Red Cross, following its organization in 1905 entered into an agreement with the American Nurses Association for the purpose of developing a nursing reserve for the army Nurse Corps, Miss Delano was

appointed chairman of the committee in charge of the work. She was also named as superintendent of the Army Nurse Corps by the Surgeon General and in that capacity visited the Philippine Islands, China, Japan, and Hawaii.

A Great Leader.

At the time the United States entered the war 8,000 carefully selected nurses were available for government service. This was due to the untiring efforts of Miss Delano in the years before the war. Her leadership was also largely responsible for the success of the nurses recruiting campaigns which followed.

Miss Delano served three terms as president of the American Nurses' Association and also served several years as head of the directorate of the American Journal of Nursing. She was a woman of striking personality and appearance. Regal in carriage, a mass of snow white hair crowning a strong but kindly face, she was a commanding figure in any gathering. A gentle manner and sympathy that was boundless won for her a great circle of friends. Miss Delano served the American Red Cross from first to last without compensation—a full time volunteer. She was the last of her family, her passport application filled a few months ago giving the name of a comrade nurse as her "nearest relative."

BETTER THAN HOT SPRINGS, HE SAYS

Ringel Says All Treatments Failed Until He Took Tanlac—Like New Man Uow.

Remarkable, indeed, was the statement made recently by Charles Ringel of 319 Washington street, Peoria, Ill. Mr. Ringel declared that although he has taken the treatment at Hot Springs and used numbers of different medicines during the past eleven years, in his efforts to restore his health a few bottles of Tanlac have done him more good than everything else combined. His statement follows:

"Nothing ever helped me until I got Tanlac and now I'm just like a man made over. My stomach had been in a very bad fix for eleven years or more, and pained me so bad at times that I would double up like a jack-knife. After nearly every meal I would bloat up with gas until I was as tight as a drum and just suffer agony. My nerves became all shattered and my health got so poor that I was forced to quit work. No kind of medicine seemed to reach my trouble and I was going down hill very fast. I was advised to go to Hot Springs which I did, but after spending what money I had saved up I returned home in just as bad shape as when I left, if not worse.

"While talking to a good friend one day about my deplorable condition he told me he believed a few bottles of Tanlac would straighten me up. Well, I had little faith in it to help me, but as my friend seemed to know what he was talking about, I decided to take his advice, and to my complete surprise the first bottle of Tanlac stopped the gas forming on my stomach and put me in shape to where I could eat and enjoy my meals. My food began to digest as it should, my nervousness left me, and I realized I was on the road to rapid recovery. As I continued to take Tanlac my health improved and my strength returned until now I am able to work as well as I ever could in my life. I feel more grateful than I can express for what Tanlac has done for me and am now telling my friends who are suffering to try it. I can't praise it too highly and expect to rely on it for my health as long as I live."

Such statements as the foregoing should appeal very forcibly to the thousands who suffer from the same troubles. Most people who suffer from nervousness, and dizziness, stomach and liver troubles, kidney derangements and who are in a general run-down condition, simply need something to tone up their system and to assist the vital organs in performing their proper functions. Tanlac is a powerful reconstructive and always produces most gratifying results.

Tanlac is sold in Jacksonville by Coover & Shreve; in Mercedo by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by the Wyle Rug Co.—adv.

There are Four Points To Be Given Consideration When Purchasing a Suit

Quality Style, Cut and Fit

To prove entirely satisfactory, every suit must share fully in the four points named. Style, Cut and Fit you may have, but if not backed by Quality then disappointment will be your lot. Again, you may secure Quality, but if one or the other of the main points is lacking, the result is a failure. And so it goes.

We are prepared to give you the ultimate in suit perfection, every garment turned out by us showing Quality, Style, Cut and Fit, with that tailored finish which gives elegance and individuality.

Citizens by Voluntary Subscription Reached Goal Allotted to Precinct—Mrs. Henry Witte Passed Away at Advanced Age—Other News Items.

Arenzville, April 26.—Arenzville precinct went over the top in the sale of Victory Loan bonds on Tuesday, April 22, the precinct having at that time voluntarily subscribed the \$55,000 allotted to it. Arenzville is not a very large city and way not make as much "noise" as some other places, but when it comes to doing its patriotic duty, it is always in the front rank. The Arenzville precinct led the state in the percentage of savings stamps sold, and has never failed to meet the quota in any drive. Now it is not only first in Cass county, but one of the first towns in the nation to finish the task of raising its quota in the Victory Loan campaign.

Rev. J. R. Lenker, for many years pastor of St. Peter's church near here, passed away recently at the home of his son, Dr. Luther L. Lenker at Newport, Ill., aged 86 years. The remains were taken to Beardstown, where funeral services were held at the old home church near the town. The deceased is survived by two sons, Dr. L. Lenker of Newport, Ill.; Charles Lenker of Liberty, Mo., and one daughter, Mrs. Dora Charles of Virginia.

Mrs. Henry Witte passed away recently at the home of her daughter, Mrs. Albert Krohe, at Sangamon Valley, at the age of 85 years, 17 days. Deceased was born April 2, 1834 in Krehlen, Germany. She leaves to mourn her loss four children, Mrs. Edward Krohe and Mrs. Albert Krohe of Sangamon Valley, Mrs. Louis Perbix of Markham and William Witte of Arenzville. There are twenty six grandchildren and eighteen great grandchildren.

FRANKLIN RESIDENT DIED LAST NIGHT

Mrs. J. B. Burch Passed Away at 10:30 o'clock Saturday Night—Had Resided in That Vicinity All Her Life.

Franklin, April 27.—Mrs. J. B. Burch a resident of this vicinity for many years passed away at her home at 10:30 o'clock this evening. She had been in failing health for several years and her death was not unexpected.

Deceased was the daughter of Mr. and Mrs. W. W. Rice and was born near Waverly March 4, 1846, being at the time of death 73 years, 1 month and 23 days old. She was united in marriage to J. B. Burch October 1, 1868 who survives. She also leaves one son Fred Burch of Franklin.

Mrs. Burch had resided in this vicinity all her life. After her marriage to Mr. Burch they moved to the old Burch homestead one mile south of Franklin where they resided until seven years ago when they removed to Franklin. She was a lifelong member of the Methodist church and so long as her health permitted she took an active interest in the work of the church. She was a woman devoted to her home, but yet found time to comfort and aid her neighbors in sorrow and was held in high esteem in the community in which her life was spent. No arrangements have yet been made for the funeral.

Domestic Science Round Table Met at Womens College.
The Domestic Science Round Table met Saturday afternoon at Illinois Womens college with Mrs. Charles Fawcett as hostess. Mrs. Fawcett had about thirty assistants. The business session was held in the social room. Reports of officers were received and other routine business was transacted.

Following the business session adjournment was taken to the department of Home Economics where a demonstration of salads was given by Miss Gladys Goodale a second year pupil under Miss Hill. Miss Goodale did her work with such grace and sureness, meanwhile explaining the various steps, that the company at first thought she was a member of the faculty.

The salads proved to be of excellent quality when they were served later. Miss Goodale was presented with a beautiful spray of roses from the company in appreciation of her demonstration. The next meeting will be held in Odd Fellows Temple, East State street, Saturday afternoon May 24. Mrs. John Knapp and Mrs. Ben Lurton will be the hostesses.

ENJOYED COLLEGE ALUMNI BANQUET

Ben. T. C. MacMillan Writes Jacksonville Friends About Recent Gathering in Chicago.

The Hon. Thomas C. MacMillan of Chicago, clerk of the U. S. District court, and formerly trustee of Illinois College, attended the recent meeting of the alumni of the college in Chicago, soon after which he wrote to a friend in part as follows:

"The reunion was well attended, I class it as a success. Naturally it was a post-war experience meeting. Lieut. Col. (late major) Capps made an interesting talk on 'The Medical Arm of the Service in Europe, and told of some of the achievements of medical and surgical science which had been accomplished. My use of the word 'informing, is well advised, his remarks were all that. He spoke in an earnest, interesting, held style, nothing technical or professional, but all so the lay world understand."

"Lieut. Gary of the Class of '16, told of his experiences in the U. S. all thru that 'No man who was in the Q. M. department is a hero—even to his mother'."

"In conclusion Pres. Rammet-kamp spoke particularly of the 'old star' men, and read several extracts from letters which some of the boys had written. He paid a fine compliment to Dean Hayden for his large, loyal, loving labors in corresponding by means of hundreds of letters to 'Old Illinois laddies who were with the colors. His reference to those who made the great sacrifice' were finely and feelingly expressed. When he had ended, Pres. A. D. Black had us all stand in silence in memory of these brave fellows. It was very impressive."

"The meeting in every respect was a success. It was a privilege to be there. I came away uplifted. I sat beside Mr. Charles S.

Rennels, and had a most enjoyable conference with him regarding old times and old timers."

PROBATE COURT

In the guardianship of Gertrude Raymond, letters of guardianship were ordered to issue to Leo Raymond.

In the estate of Charles E. Davis, Paul D. Moriarty was named to fix the amount of inheritance tax; the appraisal bill was approved and the public sale of personal property authorized. In this same estate notice of the selection of personal property made by Charles C. Davis son of the testator, was filed. The value of the property chosen was \$11,842.50. This is in accordance with the provisions of the will.

CIRCUIT COURT ROOM IMPROVEMENTS

Not long since the county commissioners had the circuit court room repainted and added very materially to its general good appearance. Recently contract for having linoleum in assembly part of the court room was let to Andre & Andre, and for several days Peter Leonard has been busy laying this linoleum. The coming week Howard Wanneraker and M. Crowe, who have charge of the court house building, will replace the benches and the whole room will have a decidedly "renewed" appearance for the coming term of the circuit court. The improvements were greatly needed.

One of the largest policies for life insurance in Central Illinois has just been paid to the estate of the late Charles Edgar Davis through Messrs. Strawn & Spink, managers of Columbian National Life Insurance Company, of Boston, Massachusetts. Mr. Davis' death occurred March 26th and the draft for settlement was made April 16th. This is only one of many of the prompt and satisfactory settlements made by this sterling company through its managers, who give the most efficient and prompt attention to their large and growing business. It is a great satisfaction to the living to know that they can arrange to take care of their families in a simple, inexpensive and practical way, with the full knowledge that the estate will revert directly to the ones to be protected, and the payments be made promptly at death, thus taking care of those dependent upon them, and providing ready means to take care of all present and future needs. There is nothing else that costs so little and provides so much as life insurance. It is the poor man's deliverance from poverty for his family, and the rich man's safeguard, guaranteeing protection for his dependants should all other means fail.

Messrs. Strawn & Spink have been managers for this splendid Massachusetts company for a number of years, and have been successful in building up a business in Central Illinois that is a credit and satisfaction to their enterprising spirit, and the claims and losses they have paid run into the hundreds of thousands of dollars. That they have been of great financial help to this community and state is beyond question and their promptness in settling all claims made upon their excellent company is known everywhere, and their name on a policy insures prompt and satisfactory payment.

They receive constant testimonials of their promptness in paying claims and losses, and the following letter is only one of the many they have received from satisfied claimants, who are glad to publicly express themselves.

Jacksonville, Ill., April 19, 1919

Strawn & Spink, Managers, Columbian National Life Ins. Co., Boston, Massachusetts.

Gentlemen:

I wish to acknowledge receipt of draft for Thirty-six Thousand, five hundred seventy-five dollars, being \$35,000 for the face of the policies, plus \$1,575.63 in dividends, in settlement for three policies for life insurance in your company which were taken out at different times by my father, Charles E. Davis, during his lifetime.

This payment is made upon his demise promptly upon submitting final proof, and I wish to thank you gentlemen for the careful attention you have always given us and wish to say further that you have fulfilled every promise made my father.

I carry my insurance in your company, and heartily recommend the Columbian National Life Insurance Company of Boston, Massachusetts in fully complying with its contract to the assured.

Very respectfully yours,
Charles Clifford Davis,
Executor of the Estate of Charles E. Davis.

Perhaps there is no better recommendation for any business than satisfied customers, and there are hundreds and thousands of such in Central Illinois approving the company and its managers, who not only carry insurance upon themselves, but upon the different members of their families, as the Columbian National Life is one of the very few life insurance companies that will insure women upon the same terms as they do men. They have recently opened a Woman's department in their office in the Hockenbush building, east side of the square, and have secured the services of Mrs. W. S. Jones as manager of this department, who is meeting with flattering success, for women as a rule, do not understand the great privilege

of insuring their lives on the same terms that have been granted to men in the past.

MEDALS GOING TO COMPANY C MEN

Interesting Ceremonial to Take Place at Armory Hall Monday Night—Capt. James and Other Officers Keep Things Moving.

Monday night will witness some important happenings in the Co. C affairs at Armory hall. Capt. Wesley James yesterday announced that the award of the medals presented by Mr. Andrew Russell will be made at that time. Three medals were offered for attendance, first gold, second silver and third bronze, and like medals were offered for individual drill. These awards will be made Monday night, altho the award of the three medals offered for marksmanship cannot be made until a later time. Mr. Russell has promised to be present if at all possible and Col. Taylor of the adjutant general's office will also be present. Col. Taylor in addition to being attached to the state of office, is colonel of the ninth Illinois regiment.

Capt. James is also expecting an early visit from another representative of the adjutant general's office, when arrangements will be made for leasing and improving the armory. Recently there was a general clean up of the Armory by men of the company, who volunteered for this service. It is intended a little later to furnish officers' quarters and also an office for the quartermaster. The interest in the work of the company is being fully maintained and in fact the company is now stronger than it has been at any previous time.

Capt. James instituted a series of indoor ball games a month ago but these games are so arranged that they add to the interest in drill work instead of taking from it. Capt. James and Lieut. Farrell are both devoting their time to company affairs in a generous way and the company is accounted as one of the best in the state reserve militia service.

The public is cordially invited to be present at the interesting session scheduled for Monday night.

VISITOR FROM CHICAGO

Oscar Hanson, now of Chicago, is enjoying a day or two with L. C. & R. E. Henry and other Jacksonville friends. The young gentleman is traveling for the Mutual Film Co., a large establishment in the great city by the lake. He says he began his career in a humble manner in this city with Will Carroll at two dollars a week and gained even then some valuable experience. He says new theatres are springing up all over the land; one in Kansas City costing \$400,000, and many elsewhere and the film business is growing apace.

Wish our home opera house could be restored to active usefulness again.

MISS OLMSTED WILL TALK AT WOODSON.

Miss Katherine Olmsted is expected to arrive in the city today and on Thursday evening will make an address at Woodson Christian church. The address will be given at 9 o'clock Thursday evening and Miss Olmsted will relate her experience with Red Cross Mission in Roumania and Russia.

HOME FROM CALIFORNIA

Mrs. J. W. Moon, 337 West College street, has returned from a pleasant stay of four months in California. While there she visited from San Francisco to Los Angeles, seeing her son, several other relatives, and viewing some very beautiful places. She says she wishes she could convey her impressions of the attractiveness of some places she visited. At San Diego she went on board the U. S. S. Minneapolis and saw the wonderful workings of the craft. She visited in Berkeley and at various places and comes home much refreshed by the outing.

ENJOYS LIFE IN CALIFORNIA.

Miss Mary Thorndike, who is at Upland, California, has written friends here that she is greatly enjoying her stay in the coast state. She recently spent a number of days at Pasadena and Eagle Rock and is greatly enjoying her stay in the land of sunshine. She made mention of a recent automobile trip thru the mountain country. Just now the roses are especially beautiful and wild flowers are all in bloom. Various other attractions are serving to make the stay in the west very enjoyable.

DR. GARFIELD TO BE HERE MONDAY NIGHT

Well Known Public Man Will Make Address in Support of Victory Loan.

As already announced, Dr. H. A. Garfield will come to Jacksonville Monday night and make a Victory Loan campaign address at the David Prince building. This meeting will be held at 8 o'clock and as the opportunity to hear a speaker of Dr. Garfield's fame is seldom presented in a city of this size, it is certain a large audience will be present. The Canteen Girls will serve as ushers and the following interesting program has been arranged to be given in connection with Dr. Garfield's address:

Selection by band, J. Bart Johnson, director.
Male quartet, Illinois College students.
Community singing.
"Five Points of the Star"—Woman's college girls.
Band selection.
Community singing.
Solo, "The Marseillaise"—Mrs. William Barr Brown.
Address—Dr. H. A. Garfield.
Community singing, "America."
Before the evening meeting the band will lead in a parade thru the business district.

INSURANCE COMPANY HELPS VICTORY LOAN

Columbian National Sends \$10,000 Subscription to Managers Strawn & Spink.

A \$10,000 subscription to Victory loan fund came thru Strawn & Spink, managers of the Columbian National Life Insurance Co. Saturday. The subscription was placed thru the F. G. Farrell & Co. bank. It has been the practice of the Columbian National Life Insurance Co. to spread its liberal subscriptions to the Liberty Loan campaigns thruout its various established agencies, and so the \$10,000 allotment was made to Jacksonville. The policy pursued by the company all thru the war period has been of the most patriotic kind.

A \$1,000 subscription from Swift & Co. was also placed thru the Farrell bank.

WAR VETERAN IS VISITOR HERE

P. F. McBride of Chicago is visiting relatives in the city for a few days.

McBride enlisted with the 62d Brigade of the famous 37th Division, and sailed for France on the battleship "Victoria." Six hundred miles off the Irish Coast they were struck by a submarine, the ship sinking in a few minutes. For 2½ hours they were afloat on rafts and later were picked up by the British ship Devonshire. He served in the Heavy Field Artillery, and fought in the Argonne Forests, St. Mihiel Sector, Alsace-Lorraine, Marbache Sector and Prva Nolle. Although seeing great hardship, he says, he never felt better in his life, and speaks in the highest terms of his officers, but like most of the boys is mighty glad to be back in the U. S.

He expects to leave shortly to visit other relatives in Litchfield, before returning to Chicago.

ARBUTUS FROM MICHIGAN

H. M. Andre and T. M. Tomlinson yesterday received boxes of trailing arbutus sent by their friends, Mr. and Mrs. Frank Verbeck of the Verbeck Tavern at Pentwater, Mich. Mr. Tomlinson has a cottage there and Mr. Andre has been a frequent visitor, and they are both very enthusiastic about the Pentwater beach and all the surroundings. This resort has the advantage of being only 150 miles from Chicago, so that it doesn't take a very long time to get back to Jacksonville if the occasion requires.

WAVERLY HONORS MEMORY OF SOLDIERS

Citizens Plant Trees on High School Lawn in Memory of Soldiers Who Died in Service of Country—High School Faculty Members Chosen—Other News Notes.

Waverly, Ill., April 26.—Five trees have been planted on the campus of the Waverly township high school in memory of those who died while in the service of their country. The five young men whom these trees will commemorate are Dana Swift, Lewis Dolers, Henry Martin, Loran Weller and Kennedy Wright.

The following members of the high school faculty have been selected for the coming term: for principal, J. R. Colbert; teachers, J. M. Duncan, Misses Ethel Allen, Louise Imus, Ruth Grant, Lora Whitehead and Winnifred Sale. There are three places yet to be filled.

Mrs. Sophronia Evans has gone to Ottumwa, Ia., for a visit of several weeks with her daughter, Mrs. H. F. Voykht.

W. M. Moulton of Cedar Rapids, Ia., visited a few days with his son Guy.

Mr. and Mrs. C. N. Boyer of Manchester spent several days visiting relatives here.

Mrs. William Copley of Springfield is visiting at the home of Chas. Teale.

Miss Isabel Henry of Springfield is visiting at the home of Mr. and Mrs. A. C. Moffett.

George Roumang of Arizona is here for a visit with his parents, Mr. and Mrs. C. Roumang.

Mrs. Sterling Potts of Girard is visiting her parents, Mr. and Mrs. R. N. Morris.

Mrs. Walter Deatherage and children of Centalla are visiting at the home of her father, Geo.

Ritter.

Miss Inez Rogers went to Warden Thursday to attend the district conference of the M. E. church South.

Mrs. S. W. Colbert was taken recently to Springfield hospital where she will undergo an operation.

Miss Ethel Carter is a guest of Miss Anna Frances Bradley in Jacksonville.

A Jersey cow belonging to Dr. E. K. Blair was killed by lightning Wednesday afternoon.

Miss Madeline Ashbaugh returned to Jacksonville after a week's visit with her mother, Mrs. W. L. Ashbaugh.

ENDOWMENT PLANNED.
The trustees of Ebenezer cemetery will present the question of raising an endowment fund for cemetery maintenance after the regular church services next Sunday morning. This is a matter in which every member of Ebenezer church and cemetery is interested.

By order of The Board of Trustees.

CONTINENTAL TRAVELERS.
Mr. and Mrs. F. A. Metzler passed thru the city yesterday from Phoenix, Arizona to New York and points in New England.

Mr. Metzler is a man of wealth and vibrates from point to point as conditions attract him. He had with him a handsome Llewellyn English setter which he said had toured 100,000 miles.

Mr. Metzler carried with him a vacation outfit which he used when occasion required though if he finds an attractive hotel he patronizes it but Mrs. Metzler remarked that they preferred a clean bed in a tent to one less attractive in a hotel.

So far he said he had suffered but one puncture. He said he was now using his fifth Buick which he always prefers though he had made a mistake in getting a seven passenger car which was rather heavy.

On the way they traveled thru a part of Texas, near Mineral Springs where they found a great oil boom. Carpenters were getting ten dollars a day for work on the ground and sixteen for work high up and were hard to get even at those figures. They found the roads generally good and surely they take good care of their car for it showed no indications whatever of severe usage or muddy roads.

DR. HARKER ATTENDING MEETING IN CLEVELAND.
Dr. Joseph R. Harker is in Cleveland, Ohio, attending a meeting of the denominational education boards of the various churches. Dr. Harker is a member of the Board of Education of the M. E. church and the boards of the different churches are working along lines similar to those of the inter-church movement.

George H. Hilt and Otto Hilt of Manitowish were attending to business matters in the city yesterday.

ILLINOIS COLLEGE NOTES

The boys of the College Y. M. C. A. put on a financial campaign at the College Thursday morning in order to raise funds for a Geneva delegation and for other Y. expenses during the present and the next school year. The Y. budget calls for a fund of about \$300. Over \$130 was immediately subscribed by the students and faculty members Thursday morning. Very great interest is being manifested in the work or the reorganized Y. M. C. A. and it seems likely at present that a delegation of eight or more fellows will attend the Geneva conference this coming summer. Several of the local churches are uniting with the College Y in the effort to secure a large delegation to Geneva this year. The officers of the Association greatly appreciate the cooperation of the local churches. A more extended and detailed notice will be published later.

Mr. and Mrs. L. B. Potter, Doris Shuman, Dorothy Black and Wallace Hembrough went to Ashland Thursday evening to attend some exercises at the Ashland high school. Mr. Potter acted as judge in the declamatory contest and Miss Shuman in the music contest.

Mr. Hembrough took the party over in his car.

Captain Garm Norbury, '12, was a very welcome visitor on the campus a few days ago.

The decoration of Lieutenant Colonel Edward M. Capps, '87 and Major Carl E. Black, '83, by the King of Greece fellow alumni.

The devotionals services at Academy Hall Sunday evening will be led by Arnold Hegstrom.

Carl Bradbury was a visitor on the campus Friday morning.

Mr. Hembrough took the party over in his car.

The Athletic Association of the College greatly appreciates the cooperation of the business men of the city in raising the small guarantee fund necessary to protect the Athletic Association against a deficit in case rain should spoil the plans for the great Interscholastic Meet which is to be held on May 9.

Coach Harmon reports that a large number of entries have already been received.

Professor Poage, who went home recently on account of illness, has returned to his duties.

Word has been received that the tablet which is soon to be

erected on the campus in memory of Governor Duncan, Newton Bateman and Jonathan Baldwin Turner has been shipped. More detailed announcement will be made later.

STARS AND STRIPES TELLS OF ARMY UNITS

A. E. F. Paper Gives Divisions for Army of Occupation—Also of Units Soon to Arrive Home.

John J. Brennan has received a copy of the Stars and Stripes, the official publication of the American Expeditionary Forces, giving some facts that will prove of interest to local citizens.

The paper is dated April 4 and gives the following units which will be in the army of occupation. The 1st, 2d, 3rd, 4th, 5th, 6th, 7th, 36th, 81st, and 88th divisions.

The paper also indicates the divisions that are slated to return home in May and June. In May the 28th, 32d, 33rd, 78th and 80th are selected to return home.

Interest of local people will center in the 33rd division which contains most of the members of Company B. In this division will be Jay Rodgers, Frank Merrill, Joe Ryan and many other boys who left here with old Company B.

In June the 29th, 79th, 89th, and 90th divisions are booked for return. It is probable that most of the boys from Morgan county who are overseas will be home before September, tho nothing definite can be learned. Only the official bulletin of the war department can give the definite information.

The Centennial of Oddfellowship

(By J. O. Kirkpatrick)

Looking forward 100 years into the American life that have seemed a long time but looking back word it seems but half so long.

When in the infantile stage of American history during the formative period some ideals came into the American life that have had much to do with moulding the life of the nation.

Among the ideals that entered into the American life was the spirit of brotherhood expressed in the great ideal of fraternity.

One of the strong ties which bound the young nation was that spirit. It was needed then and even now after the 153 years we need it more than ever for we are passing through some new and strong currents where class spirit is being formed and where the need of higher ideals is essential.

One hundred years ago Thomas Wilday, an immigrant from England, feeling the need of companionship gathered together four kindred spirits and formed the first American order of Odd Fellows which was to be the beginning of a wide extending order.

That gathering truly was a momentous one, yet they knew it not. It was the handful of seed dropped into fertile soil which germinated and through the years has multiplied until the mountains and plains of America rejoice in the abundance of fruit.

While seeking for themselves comfort and companionship they little dreamed of the blessing they would ultimately bring upon thousands of people.

A hundred years have passed, but the influence of Thomas Wilday has gathered momentum like the spring somewhere hidden back in the andean fastness, bub-

blingup, ran down the mountain side to the plains and at last the mighty Amazon bursts out into the wide Atlantic. So the magnitude of this fraternity is marvellous.

In 1819, one lodge of five members in 1919—200 grand and 20,000 subordinate lodges, with 2,225,707 members, 1,694,090 Odd Fellows and 513,617 Rebekahs.

What an amazing record and what a widespread influence has permeated the nation.

It has been a savor of life to the social life of the nation. Slightly yet surely the lessons of Friendship, Love and Truth have entered into the nation's life. Widows have been cherished, children educated, the sick relieved and comforted, and those who have been called upon to try the dread realities of the shadowy vale have had the care of friendly hands and the sympathy of loving hearts. A great host have felt, living or dying the begetter touch of Friendship, Love and Truth and blessed the name of the founder Thomas Wilday.

With all the shifting scenes of national life Odd Fellowship has shone forth as a star of hope. Every ready in national calamities to aid to the limit. In the national struggles for liberty she has stood for liberty and equality. Her strong many sons, went forth with the warrior's garb and faced death for the ideal of a brotherhood of man.

The band of brotherhood taught in the lodge room and put into practice in life had much to do with the final determining of the question of human slavery and heralding to the world the great ideal of freedom for every man.

It has had much to do in keeping class spirit down for it expressed in practice the fundamentals of the Man of Galilee who gave love as a fundamental rock upon which the structure of human society should be built.

The one great conflict of the world has been the strife of race—class against class, over against this has been the kindly steady spirit of brotherhood, helping to bring men of every kindred tribe and tongue to see a brother in the other man. This has been a saving leaven, helping to subdue strife and bring peace to the earth.

While it does not pretend to be a religious organization yet it is religious for its great tenets are founded on the Truth taught in the world's only great book—the Bible.

Have not all of you who have passed through the secret chamber caught the glimpse of the all seeing eye? and have you not felt that, that symbol of the order had much to do with the making of the quiet and gentle life which is the embodiment of Odd Fellowship?

Has it not helped to make men feel near to each other? Has it not had the effect of producing better thinking and doing? La-hoi-roy—"Thou God seest me." The cry of Ishmael's mother, in her dire distress and the hour of her vindication, has been taken up by millions of women in their wilderness of grief and their thirst for companionship.

So Odd Fellowship speaks forth when the cry of humanity is heard, she shows the distressed where the well of water is that slakes the thirst for friendship and love.

Multitudes like Hager have rejoiced and cried "La-hoi-roy!" "Thou God seest me" feeling that Odd Fellowship was to them the very "eye of God."

When a widow is nourished and sheltered, when a child is lifted out of poverty or distress and when the enfeebled body, the aged—when all the dear ones are gone leaving no one to cherish, are cared for and housed—then all in one concert can say "La-hoi-roy."

The home for the aged and the school home for the children are in harmony with the great ideals of him who made these persons the example of what a true religion is.

In the treatment of others the brotherly kindness of David and Jonathan whose love was as the love of women—undying is portrayed in the things inculcated making for an undying friendship, and the spirit of the good Samaritan finds its way to the heart of the Odd Fellow who learns his lessons well.

These have to do with unifying mankind. My firm conviction is that where such lessons are taught and where such great principles are inculcated no Bolshevik ghost can rise to bring terror and the disintegration of society.

No class spirit can gain any headway, nor cast system flourish.

It makes for a nation's safety and a world's peace. Perhaps at this point it might be well to look at the past, and give a rapid glance into the past.

The March of the Order.

It was born beyond the seas. The best authorities agree that Odd Fellowship was born in the 18th century in Old Merry England. In the early part of the century Daniel Defoe mentions the society of Odd Fellows in his magazine in 1845 "as a place where very pleasant and recreative evenings are spent" and James Montgomery the poet wrote a song for a body of Odd Fellows.

The lodges were formed originally by workmen and toilers for social purposes to assist each other in obtaining employment and to assist when out of employment. In those days there was but little if any ritual. Each lodge was virtually a law unto itself.

But in 1809 the various societies merged into the Manchester Unity—the greatest beneficial society in the world. Hence one may see that Odd Fellowship is not a youth of days.

A person once lacking tact required to approach an elderly gentleman for a subscription for a project on hand visited the home and on being seated, he squared his chair around facing the old gentleman and asked him the question, "How old are you?" the old gentleman looked at his visitor and quietly said "well I just want to say to you sir, I'm not a spring chicken."

So Odd Fellowship is not a spring chicken by any means.

In April 26th 1819 Odd Fellowship was planted in the soil of the new world. It soon became acclimated and put its feet deep and widespread in the soil and after its initial struggle grew until its fruit falls in every nook and crevasse whither men have formed habitation.

Thomas Wilday brought the plant and transplanted on hospitable shores of the Atlantic. Having found a home in America it began its career as the "Independent Order of Odd Fellows."

This order has grown into the very fibre of the nation. "Fraternity" It is a great brotherhood in the family of man. It is a society where its members have a common interest and are bound together by strong and endeavoring ties.

This element of safety and blessing is what the world needs today. Selfishness and human ambitions have caused rivers of tears and streams of blood. The recent war has shown us the world's needs and has brought men of all nations together in a closer band.

Fraternity! Fraternity!!

In thy name peace will brood over the world and dispel the sorrow and gloom which gather like a threatening cloud.

When calamity has come and some part of our own or other country were in the midst of suffering Odd Fellowship proved her great ideal of fraternity. She has ever been ready with open hand and purse to aid and extend help to those laid prone by misfortune.

When a Johnstown flood swept down that Pennsylvania valley and carried the appalling disaster.

Odd Fellowship hastened to the rescue and in distress by cholera, yellow fever, fires or floods the distressed found the Odd Fellows ready to succor them who were in dire need. Out of her purse have been poured her rich offerings for relief. And also she has sent nurses to administer to the comfort and cheer of those who were called to pass under the rod of deep affliction.

Now that a hundred years have past, she has grown from an infant to a veritable Sampson in size and strength. May it be that beginning a new century with such strength and fine equipment. She shall enter the lists as a gladiator to accomplish greater and mightier things than ever dreamed of doing in the century ago.

May she move forward blessing humanity and aiding in, her own way, to bring about that glad day when superstition, ignorance, and savagery shall have passed away. When all nations shall feel the thrill of true Friendship, Love and Truth.

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use

Foley's Honey and Tar.

It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the restless feverish state that attends children's diseases.

M. T. Davis, Bearville, W. Va., writes:—

"One of my patrons had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered."

A VALUED SOUVENIR
Everett Reynolds, residing southeast of the city near Ashbury, has in the 133 motorized artillery and received from Colonel Moore, house of Indianapolis and the commander of the regiment, a handsome souvenir in the shape of a fine silver ring engraved with the number of the regiment, cannon crossed and appropriate emblems. Mr. Reynolds thinks the colonel sent each member of the regiment a similar ring. Needless to add, it is valued very highly by the recipient.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feed liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

"Honest to Goodness" DOUGHNUTS

The kind you can't get enough of—doughnuts everybody relishes—doughnuts that are light, fluffy and tender as any cake. This is what you get when you use

CALUMET BAKING POWDER

"BEST BY TEST"

The ideal baking powder wherever baking powder is needed—insures greatest baking savings and guarantees better baking results. In doughnuts—in any baking—you are assured tasty, tender, evenly raised goodies that are thoroughly wholesome. Used by more housewives than any other. Double the usual leavening strength. Made in the world's largest, finest, most sanitary baking powder factory.

CALUMET DOUGHNUTS

1/2 Cup sugar, 1 Egg, 2 Level teaspoons Calumet Baking Powder, 3 Level teaspoons shortening, 1 Level teaspoon salt, 2 Level cups flour, 1/2 Cup milk or water, Lemon and mace flavor

How to make them—Cream sugar and shortening together, add well beaten egg. Then add milk. Next mix in flour and baking powder well sifted together. Work dough as little as possible. Turn out on well floured board and roll out quarter inch thick; cut with doughnut cutter and fry in boiling hot fat.

This is one of the many famous Calumet recipes, furnishing America's tables with more delicious bakings. Cut out and paste in your recipe book for future reference.

Observe This

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits over time.

Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Tiredness, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

Make Twelve Hits to Opponents Six, But Fail to Bunch Them—Cincinnati Takes Another From Cardinals.

Chicago, April 26.—Pittsburgh made it two out of three from Chicago today by winning the final game of the initial series, 6 to 3. "Babe" Adams, veteran pitcher of the Pittsburgh team, opposed Douglas and Weaver on the s.b. The Cubs made twelve hits off Adams, twice as many as the visitors made, but in tight places, they failed to deliver. The score:

SOX COME FROM BEHIND AND WIN

Drive St. Louis Twirlers From Slab Scoring Six Runs in Sixth—Final Score 9 to 4—Cleveland Evens Up Series With Detroit.

St. Louis, April 26.—With a storm of base hits Chicago came from behind in the sixth inning, drove Davenport and Rogers out of the box and scored six runs that won today's game from St. Louis 9 to 4. A sensational triple steal by Sisler, Williams and Demmitt with four singles and a pass gave the local s a one-run lead in the third and forced Shellenback to retire. The score:

For a small place, Fiume is kicking up a lot of dust.

Speaking of pensioning judges, we would suggest that judges of local city elections be pensioned also. Some of them have not drawn any money for so long that they have enough coming to buy a Liberty Bond—if they could get the money.

Animal trainers say that giraffes never make a sound. Scientists advance the theory that this is because of the extreme length of the giraffe's neck. We know some people who would be better off if they had the same kind of necks.

On top of all the other troubles that confront citizens with wet proclivities is the news that the coffee men are going to boost the price of coffee.

It seems to us that it is most unkind to start national prohibition in the middle of the summer. It will be tough to switch from beer to ice cream soda just when the weather is the hottest.

Constipated Children Gladly Take

"California Syrup of Figs"

For the Liver and Bowels

Tell your druggist you want genuine "California Syrup of Figs." Full directions and dose for babies and children of all ages who are constipated, bilious, feverish, tongue-coated, or full of cold, are plainly printed on the bottle. Look for the name "California" and accept no other "Fig Syrup."

The phrase in question was used by one of the well known members of the city who furnished the story. While not professing to be up in English as well as in the o. g. we believe it is well to consult Dr. Ames or some other authority on the English language she will find that the phrase is correct and one used almost constantly in military life.

From present indications Postmaster Burleson promises to be almost as popular when he goes out of office as was the keeper of Andersonville prison during the Civil War.

Attorney General Palmer seems to have taken the place of Mr. McAdoo as official mouthpiece for President Wilson. Mr. Palmer in an interview down east last week stated that the president could be elected for a third term as president if he wanted the place. While not being up on national politics as well as Mr. Palmer, we are led to the belief that as a political forecaster he registers about zero.

We learn that Mr. Burleson has forbidden the sending out of anything that reflects on the Burleson control of the Postal Telegraph-Cable Company. We don't blame Mr. Burleson much and what a big job he would have if he tried to suppress the remarks throat the United States make every day about the manner in which the government is handling the wire service of the country.

SEEK TO PREVENT WATER POLLUTION

Following Investigation of Pollution of Boundary Waters Between Canada and U. S. Broad Program of Preventive Measures Soon to be Started.

Ottawa, Ont., April 25.—After a careful investigation of the pollution of boundary waters extending for 2,000 miles between Canada and the United States, a broad program of preventive measures soon is to be started at the direction of the international joint commission.

The commission engaged a corps of sanitary experts to conduct the technical investigation. The sanitary commission's work has been described by the Canadian government as the most extensive bacteriological examination of waters ever made. The work was started on the St. John river and completed on the Lake of the Woods.

Perhaps the most important decision is that despite the tremendous amount of sewage dumped into the Great Lakes from cities and by vessels "the great bulk of the water is quite pure." Epidemics of typhoid in Great Lakes cities were thought due to impure lake water.

The American and Canadian commissions, composing the joint body, may soon decide upon legislation to regulate the flow of sewage and where necessary prohibit pollution of boundary waters. The sanitary commission recommended that the international joint commission go on record as favoring adoption of a general policy that untreated sewage shall not be emptied into boundary streams, bays or lakes.

ENEMY ALIENS NOW SEEK NATURALIZATION

Detroit, Mich., April 25.—Naturalization authorities here declare that many persons held in parole during the war as enemy aliens and now being released are anxiously applying for naturalization papers and claim that they have become patriotic Americans.

They cite, among others, the case of Franz Respa, who was tried with Albert Kalschmidt for an enemy bomb plot and was interned. Respa, 73 years of age, is enthusiastic over having taken his first step toward citizenship. Kalschmidt is serving a four year sentence in Leavenworth. Respa is one of forty enemy aliens released from paroles here in one day. Several of his companions are seeking naturalization.

Respa is the father-in-law of Carl Schmitz, also tried in the Kalschmidt case, and the father of Charles Respa, serving a sentence in Ontario for attempting to bomb an overall factory at Walkerville, Ont.

WOUNDED GERMAN SOLDIERS ORGANIZE

Cologne, March 29.—German soldiers in the war have begun forming associations in Cologne and other towns and cities in various parts of Germany. Some of the leaders say the associations plan to eventually take a prominent part in politics. A commission has been appointed in Cologne to consider means for providing for those most seriously wounded. Discharged soldiers reported that the municipal authorities have done little to aid the disabled men and that many of them were not even receiving their federal wound allowances.

EFFORT TO REVIVE MANX MAY FAIL

London, March 25.—The effort to revive Manx as the common speech of the Isle of Man is not expected by British authorities to meet with success. Manxmen are of Celtic stock with a mixture of Scandinavian, and their native tongue belongs to the Goidelic group of Celtic languages. It has failed to produce a great or extensive literature and it has almost entirely ceased to be spoken, even by the peasantry. The Bible and the Book of Common Prayer were translated into Manx a century and a half ago, but it is long since church services were conducted in the vernacular.

ENTRIES FOR WESTERN ILLINOIS ATHLETIC MEET

Principal Hopkins Announces Cities and Athletes Who Will Represent Them—Meet to Be Held Saturday, May 3

Principal Hopkins of the local high school has announced the cities and athletes who will represent them in the Western Illinois High School field and track meet to be held on Illinois field Saturday afternoon May 3.

It is expected that the meet will be largely attended and that there has been no athletic activity for the past year, it is probable some good time will be made if track and weather conditions are good. There will also be a declamatory contest Saturday morning, the details of which will be announced later. The towns and entries are:

THE FROST

There was a frost that did much damage from all appearances Friday night. George H. Hall of Alexander was not prepared to give an absolute opinion that he was much afraid of great damage had been done and worst of all he feared a frost after each rain till the middle of May. C. P. Henderson of Litterberry said he could shake off buds and initial fruit from his pear trees and he was satisfied the peaches were badly killed in his vicinity, but hoped possibly that apples were yet safe but was hardly sure.

Others from different directions agreed that there was much danger and feared that all fruit, except possibly apples, had been badly damaged.

A. C. Valentine of Concord made a trip to town yesterday.
